## **WHO WE ARE**

Since 1977 Haven Hills has provided safety and support to victims of domestic violence. We offer shelter, crisis intervention, counseling, advocacy, and activities supporting increased economic opportunity. Each year we help over 3,000 women and men find the strength within themselves to break the cycle of abuse and build a new, productive and positive life for themselves and their children. Through our programs and services, we save lives, inspire change, and transform victims into empowered survivors.

The Haven Hills Crisis Line is staffed by trained counselors and volunteers 24/7. Whether it's a victim calling or a friend reaching out to get help for a victim, s/he will talk to a knowledgeable person who is ready to listen.

Our bilingual counselors provide immediate assistance for victims including:

- ✓ Access to 30-Day Crisis Shelter
- ✓ Referrals to medical care
- ✓ Referrals to available legal/social service resources
- ✓ Help in developing a safety plan

## You Are Not Alone: The Strength of Haven Hills

---

Always remember: domestic violence shows itself as a pattern of behavior in any relationship that is used to get or keep power and control over an intimate partner.

Abuse is physical, sexual, emotional, economic or psychological actions to influence another person. In an abusive relationship, one intimate partner uses physical, sexual, emotional or other violence to try to gain and maintain power and control over the other partner.

Every human being has the right to feel safe, to live each day, and rest each night, free from violent actions and intimidating threats.

Every human heart can admit what love is—and is not. Love is not abuse. Domestic violence is never acceptable in any relationship.
